

AF10

Dimensions (mm)	External	Internal
Height	630	
Width	190	
Depth	360	
Capacity (ltr)		
Gross		10

Technical Specification

	AF10
Temperature Range	13amp
Power Usage (w)	2500
Weight (kg)	9

Features

Stainless steel construction
Comes with 3/4 BSP water inlet hose
Height of tap facilitates the filling of tall teapots
Drip tray included
Adjustable digital temperature controller
Electronic timer enables programming to automatically switch on and off during one time period
Robust heavy duty tap designed for constant use
Productivity 35 Litre per hour

Additional Extras

B3-ZBC1101019 - Gasket for heating element
